

Energetic Lighting's™ LED dual voltage portable worklight provides an energy efficient alternative to traditional high-wattage halogen worklights. This versatile worklight can operate in a traditional 120 Vac wall outlet, or be carried in a vehicle and powered using a 12 Vdc socket adapter. Operating at only 10 watts, while outputting plenty of light, the worklight housing stays cool to the touch. With LED as the light source, the housing profile reduces down to a slim and compact shape making this worklight easy for storage and setting up in tight spots. With a durable die-cast aluminum construction and an LED lifetime rating of at least 30,000 hours, this heavy-duty worklight is designed for many years of reliable operation.

Features

- No UV or IR radiation
- Elegant and efficient design
- Mercury-free construction
- Suitable for Damp Location use

Applications

- Automotive
- Construction and building projects
- Spot area lighting
- Tight, space-limited areas

Specification

Order Number	55004
Model Number	ELWL-DA10C
Lumen Output	700 LM
Luminous Efficacy	70 LM/W
Input Power	10 W
Equivalent Wattage	40
Input Voltage	120 Vac or 12 Vdc Vac
Power Factor	>0.95
THD	<0.1
Color Temp (CCT)	4000 K
Color Rend (CRI)	780
Lifetime Rating	30000 hours
Warranty	5 Years
Dimmability	No
Operating Temp	-4 to 122 (°F)
Environment	Damp Location
Energy Star	
Weight	2 LBS
Dimensions	7.0in.(W) x 8.5in.(H) x 2.0in.(d)
Beam Angle	
Safety Cert	UL

Dimensions and Packaging Info

Model Number	ELWL-DA10C
Item UPC	8 4594000383 0
Case UPC	10 8 4594000383 7
Master Carton UPC	20 8 4594000383 4
Item(s) per pack	1 fixture per package
packs per case	6 per case
Case per Master	
Item weight	2.5 lbs
Case weight	14.5 lbs
